

ALBERT B. FERGUSON

To the best of our knowledge, this tree represents the dynasty of Albert Ferguson, chair of orthopaedic surgery at the University of Pittsburgh School of Medicine from 1953 to 1986. The black boxes depict names of doctors who trained under Ferguson and lead, or have led, departments or divisions around the world. The green boxes contain the names of division/departments heads who trained with Fergie's "children." If we missed anyone, please let us know. You'll find us at [medmag@pitt.edu](mailto:medmag@pitt.edu) and 412-624-4356.
